COMMISSIONERS WIN IN WRANGLE

First Street Contractor Begins Tearing up Brick and Will Follow Specifications

SUPERINTENDENT RESIGNS

Engineer From Illinois, Familiar With This Sort of Street, May be Employed

The county commissioners have evidently won out in the controversy with A. L. Tribble, the contractor for the first street paving job, and from all indications the plans and specifications will be followed as closely as possible.

The conference yesterday between the contractor and the commissioners evidently had the desired result as work was started this morning tearing up the brick that had been laid in the street. It is planned to level the concrete base and then start the masonry construction as should have been done at first.

Cleora Vance, superintendent, tendered his resignation to the commissioners this morning and it was accepted. Mr. Vance claimed he could get no co-operation out of the engineer and resigned rather than have wrangling all during the construction of the street. Mr. Vance stated that while he was supposed to work under the engineer, the engineer was hardly ever on the job and for this reason he had been blamed for certain things that the engineer was responsible for.

The commissioners did not name a successor to Mr. Vance. It is understood that they are considering a plan whereby the engineer from Illinois, who has had experience in building these kinds of streets, will be employed as assistant engineer and may take over the position as superintendent.

The commissioners let Tribble know yesterday that they wanted the street built according to the plans, and no further trouble is expected. The commissioners feel that Tribble by this time has been shown that he will build the street according to the plans, and the commissioners stated this morning that they believed they would get one of the best jobs that was ever put in here.

AGNES RASOR ASKS DIVORCE

Files Suit Against Charles Rasor, Thought to be in Dayton, O.

Mrs. Agnes Rasor filed suit for divorce this morning from Charles B. Rasor, alleging abandonment. The complaint states that they were married January 6, 1916 and separated March 12, 1916 when he compelled her to leave their home. The complaint alleges that on April 11 the defendant removed from Rushville without her knowledge and has since kept his whereabouts to her unknown although she has reason to believe he is residing in Dayton, Ohio. Mrs. Rasor states that she has written to him, but has received no answer although the letter never came back as unclaimed. Mrs. Rasor asks the sum of \$5 a week for support.

CELEBRATION OPENED

(By United Press.)
Seymour, Ind., Sept. 12.—Today marked the opening of the Jackson county Festival Centennial. There are many interesting features of the weeks program. The famous B. & O. engine "Atlantic" built in York, Pa., in 1832 is on exhibition here, and is being operated by the oldest engineer on this division of the railroad.

CHASE TAYLOR TO GO FREE

Man Sentenced to Penal Farm in 1915 to be Released Sunday

Chase Taylor, sentenced to the penal farm on July 12, 1915 for six months and fined \$250, on a charge of unlawful possession of intoxicating liquor will gain his freedom next Sunday. Word was received in the county auditor's office this morning that the railroad fare from the farm to this city would be due at this time. The county has to pay the railroad fare back to this city. Taylor was sentenced along with his brother, Chester Taylor and father Alfred Taylor. The other two have a little longer to serve.

11 CAR LOADS OF CATTLE ARE SHIPPED

Three Rush County Farmers Receive Combined Sum of \$29,178.10 For 169 Head

ALL ARE BOUGHT BY ONE FIRM

What will probably go down as a record for some time for cattle shipments from Rush county was made yesterday by three Rush county raisers from Farmers Station.

Eleven car loads, a total of a hundred and sixty-nine heads, were shipped by three Rush county farmers for a combined sum of \$29,178.10 to Swift and company of Chicago. The eleven car loads were sent to Chicago and from three to four car loads will be shipped to the Boston market and seven to the New York market.

Albert Leisure's consignment was 108 head, weighing 154,700 pounds and bringing \$15,996.05. John F. Leisure shipped 37 head weighing 59,810 pounds, which brought him the sum of \$6,395.25. N. I. Price sold 24 head for \$3,786.80. They weighed 36,060 pounds.

MARTIN CLEVINGER IS SERIOUSLY HURT

Is Struck on Head by Falling Rafter While Helping Tear Down an Old Barn.

HIS SKULL NOT FRACTURED

Martin Clevenger was seriously injured shortly after one o'clock today when struck by a heavy rafter while helping tear down the barn back of the residence of Mrs. Rachel Bowen, 406 North Main street.

Clevenger knocked down an upright that was supporting a heavy six by eight rafter. The rafter struck him on the back of the neck, knocking him to the floor face downward, and just before he hit the floor the upright piece bounced up and struck him over the right eye, inflicting a severe wound.

Physicians who attended him said there was no fracture of the skull, but that a hemorrhage of the brain may have resulted from the blow on the forehead. His right eye and eyelid was paralyzed. Clevenger was removed to his home.

J. Hooker Wilson and Charles Sweet saw the rafter falling and shouted at Clevenger to get out of the way, but he did not hear them in time.

Hartford City—Voters here are being instructed in the use of the new voting machine which will be put into use at the coming election in the eighth precinct of the Blackford county.

TRYING TO GET ATTRACTIONS

Chairman of Committee Goes to Hamilton Today to Locate Concessions to Come Here

ANIMAL SHOW MAY CONTRACT

Six More Nominations in Centennial Queen Contest—Committees Meet Tomorrow Night

Interest in relation to the Centennial, Home Coming and Fall Festival here the week of October 9 now centers on the meeting tomorrow night at the court house assembly room of the sub-committees named last night before last by the executive committee.

By this time every member of every committee should be notified of his or her appointment. If by any chance the committee chairman should not give personal notification it is urged that the personnel of the sub-committees in Tuesday night's paper be perused by everyone to see if they have any part in the preparations for the fall event.

Six more nominations were received at the Daily Republican office today in the Centennial Queen contest, thus indicating the interest that is being taken in the plan to elect a queen of the Centennial. Counting those who were nominated at the Jacksonian office yesterday, the number of contestants is now well over fifty.

An earnest effort is being made to get good free attractions and good shows for the event. Walter Easley, chairman of the concessions committee here, and G. H. Dunne, chairman of the concessions committee of the Greensburg centennial set for the week following the one here, were in Seymour yesterday but found no concessions that were worth while outside of games of chance.

However, the representatives of the two cities have a line on an attraction that would be a big thing if it can be pulled to this section of the country. They have learned that Bostock's wild animal shows have no engagements the weeks of October 9 and October 16. A representative of the shows has sent word that he will be here Friday to look over the ground and see if it would be profitable to bring the shows here. The Bostock acts have been showing at the New York state fair and other eastern state fairs, and are now heading west.

Mr. Easley went to Hamilton today to see if any concessions or free attractions could be located. Hamilton is this week celebrating the hundredth anniversary of its birth. Mr. Dunne was unable to go today.

In appointing the committee on the fraternal demonstration, the executive committee overlooked the fact that there are two councils of Pocahontas here. The presiding officer of Mahoning council was named, but not that of Lurline council, which the committee overlooked. The member of the committee from the latter is Mrs. Frances Walker. The W. R. C. was also overlooked in the appointment of the committees. Mrs. Selman Webb is the member of the committee from that organization.

Girls nominated in the Centennial Queen contest at the Republican office today included Annie Geraghty, Helen Dugan, Hazel Stoops, Frances Neutenhelzer, Mary Harrold, and May Bickhart.

Those nominated in the Jacksonian yesterday were: Nancy Hogsett, Gladys Hudson, Katherine Keating, Sylvia Lakin, Phyllis Casady, Marie McNamara, Beulah Meredith, Bertha Monjar, Mary Moorman, Lou Weeks, Ethel Oakley, Leah Oneal, Lavonne Quayle, Theresa Reardon.

CLAIM OF \$8,000 ALLOWED TODAY

Judge Sparks Rules Against Ira W. Ayres Estate in Action Brought by Widow.

TWO DIVORCES DISMISSED

Court Grants Temporary Restraining Order Against Increasing Connersville Phone Rates.

Two wives dismissed divorce suits against their husbands, a claim for \$8,000 against an estate was allowed and a temporary restraining order against the Indiana Public Service Commission was granted; all this comprised the activity of the circuit court late yesterday and today.

After hearing the argument in the case of Lewis A. Frazee of Connersville against the state commission late yesterday afternoon, for an injunction to prevent enforcement of the recent order of the commission decreasing the rates of the Connersville Telephone company, Judge Sparks granted a temporary restraining order until the final hearing in the case.

The interests of the commission were likewise the interests of the petitioners who asked for an increase. They were represented at the hearing yesterday by Raymond Springer of Connersville and Bert New, legal clerk to governor Ralston, appeared in behalf of the commission.

Mrs. Fannie Ayres was allowed a claim of \$8,000 shortly after noon today by Judge Sparks against the estate of her husband, Ira W. Ayres. The costs of the case was assessed against the estate. The claim was for \$8,236.87 and was against A. L. Gary as trustee under the will of the late Ira W. Ayres.

Mrs. Minnie M. Brown dismissed the divorce suit which she brought against her husband, Joshua Brown. She demanded alimony in the sum of \$500. The costs of the case are to be paid by Mrs. Brown.

Mrs. Edith Clevenger dismissed the divorce suit against her husband, Martin Clevenger, at her costs and he dismissed the cross complaint filed against her at his costs. Alimony of \$200 was demanded by Mrs. Clevenger.

The suit of A. B. Norris against Frank Trennepohl on notes, demanding \$500, was dismissed by the plaintiff at his costs.

DEMOCRATIC DRIVE OPENS NEXT WEEK

No Western State will be Overlooked by Orators When They Start Heavy Artillery.

LIST OF SPEAKERS NAMED

(By United Press.)
Chicago, Sept. 13.—The Democratic drive on the west begins next week with the unloading of heavy artillery. It was announced today at western Democratic headquarters that the following speakers will tour the west beginning next week: Senators Underwood, Stone, Reed, Hoke Smith, Shafroth, Robinson and James Hamilton Lewis, Judge Albert C. Norgoni, William J. Bryan, John J. Lenz of Ohio and a score of other orators.

Not a single state in the west will be overlooked. Particular attention will be paid to Indiana, Illinois and Wisconsin.

Elwood—Firemen and police here have in view of the advanced cost of living, asked the council for increases in their pay.

RESIGNED AND HE DIDN'T

Greek Premier is Back in Office With King's Consent

(By United Press.)

London, Sept. 13.—The Greek cabinet crisis today took a new turn after King Constantine had accepted the resignation of Premier Zaimis, said a Central News dispatch from Athens.

Zaimis finally yielded to persuasion of his friends, and withdrew his resignation with the king's consent. He will reform his cabinet with new ministers of war and interior, supposedly of pro-ally sympathies.

HUGHES WILL NOT PASS THROUGH HERE

However, Rush County May Get to See Him if he Comes Back to Indiana This Campaign

NOT VISITING SOUTH PART

Rush county will not get to see Republican Candidate Charles E. Hughes when he tours Indiana, September 21, 22 and 23, according to announcement of the tentative schedule which has been outlined, but a letter from J. E. Eschbach, manager of the state speakers' bureau, to County Chairman Fon Riggs today, said there was a possibility of Hughes passing through Rush county if it is possible to get him back in the state later in the campaign.

Mr. Eschbach says Mr. Hughes has not been assigned to any point south of a line running east and west through Indianapolis. If the state committee gets Mr. Hughes' promise to come back to Indiana later in the campaign, there is a strong probability he will visit Rushville.

The nearest point of any to Rushville where Mr. Hughes will make a set speech is Richmond, where he will be Thursday night, September 21. Mr. Hughes will start his second day's tour at Newcastle on the morning of the following day.

ROBBERS HAD A PROFITABLE NIGHT

Evident Same Thieves Who Held up Pennsylvania Freight Also Robbed Big 4 Trainmen

NEWS REACHES HERE TODAY

News drifted in here today through railroad circles which indicated that the two thieves who held up and robbed the conductor and brakeman of a southbound Pennsylvania freight early yesterday morning spent a profitable night.

The conductor and brakeman of a northbound extra freight on the Big Four were held up about one o'clock yesterday morning when they left the train to throw the switch near the Francis factory. It was said today, the news being based solely on reports reaching here, that the trainmen were relieved of six dollars in money and their watches. The conductor's name is Joe Metzger and he lives at Wabash, but the brakeman's name is not known.

There is every reason to believe that the same two robbers held up the Big Four trainmen as attacked the Pennsylvania crew. The latter robbery was about 1:30 a. m. yesterday morning, which would give the men time to escape from the scene of the first theft and board the Pennsylvania freight.

HUGHES ENDS RECORD TRIP

Republican Nominee Immediately Plunges Into Plans For His Second Campaign Tour.

IN 14 MIDDLEWEST STATES

From Now on he Will Center His Efforts on Doubtful States—Management Effective.

(By United Press.)

New York, Sept. 13.—Returning today from his record breaking trip of nearly 10,000 miles through 25 states, Republican Nominee Charles E. Hughes immediately plunged into the work of concluding arrangements for his second campaign tour which will carry his fight for the presidency into four states of the middlewest.

It has been definitely decided that he will make two set speeches in Illinois, two in Wisconsin and ten or twelve in Indiana and Ohio. The candidate will complete this part of the trip, however, in time to reach Pittsburg on September 27.

It was learned today that the candidate feels very bitter toward antagonistic newspapers which have endeavored to create the impression that his trip just closed was a failure and that he was received with little enthusiasm.

Hughes declared the management of his campaign effective.

From now on Hughes will center his efforts on doubtful states, instead of speaking in commonwealths that are normally Republican. This decision was reached today during a conference with National Chairman Wilcox.

INTIMATION OF FOUL PLAY REPORT

Stranger Calls at Coroner's Office and Says he Wants to Testify About H. W. Kellam's Death

SAID TO HAVE BEEN KICKED

An intimation of foul play in connection with the death of Homer W. Kellam, age 29, at his home north of Raleigh Sunday, August 27, was brought to the attention of the coroner's office today by an unidentified man.

The coroner, Dr. Lowell M. Green, is out of the city. A stranger called at the coroner's office and wanted to testify concerning the death of Kellam, saying that there was foul play and that he knew of it. The matter will be called to the attention of the coroner, it is believed, upon his return.

Kellam was supposed to have been killed by the kick of a horse. What was thought to be the imprint of the cork of a horse's shoe was seen on one side of his head. The other side was reported to be badly bruised by him falling on a stake in the ground.

INVADES EXCLUSIVE PART

(By United Press.)

Indianapolis, Ind., Sept. 13.—Infantile paralysis invaded this city's most exclusive residence section today, claiming the life of Ola Hughes, age three years, daughter of R. S. Hughes, 2950 Washington Boulevard.

The little girl was stricken suddenly last night after she had been playing with children of school No. 60. That school with its 1,000 pupils was closed today. The Hughes family recently returned from Michigan.

IS FEARFUL OF TRUSTS HERE

South America Afraid of North American Combines—Ideas Based on Translations.

OBSTACLE IN WAY OF TRADE

They Prefer That This Country Wait Until After War if Combinations Are Necessary.

(U. P. Staff Correspondent.)

Buenos Aires, Sept. 13.—South Americans are deeply interested in the suggestion, referred to in dispatches from Washington and New York, that the Sherman law ought not to be enforced against North American business houses seeking trade on the southern continent.

South America is exceedingly fearful of trusts and especially of North American trusts. The people based their ideas on translations they have read from newspapers in the United States. They believe, literally, the very strongest things they have read concerning the trust evil. It is doubtful if the still uninvaded corner of Belgium would regard a German incursion with any more pleasurable anticipations than South Americans feel at the hint that the North American trusts may get a grip on them.

This apprehension of trusts, in fact, is a considerable obstacle in the way of American trade's progress here.

Consequently this latest suggestion has not been well received.

South American business men who think closer pan-American trade relations would be a good thing express the opinion that the field is so wide open, while the war lasts, that trust methods are unnecessary at present. Their view is that North American firms would do better to gain a foothold by individual effort, before the European struggle is over, resorting to combinations later if they are compelled to.

Fort Wayne, Ind., Sept. 8.—Six-cent bread and rolls at 12 cents a dozen went into effect here Thursday as the result of action of the city council in invoking an ordinance 20 years old which fixes 16 ounces as the weight of a loaf of bread.

Indianapolis—The county council has passed the 1917 budget calling for \$1,140,946.67. It is estimated the increase in tax rates will be 6 per cent, or an advance from 34.15 cents to 40.15.

EXPLAINS HOW TO GET REFUND

Internal Revenue Collector Tells of Method to Get Money Back For Revenue Stamps

MUST WRITE IN FOR BLANKS

Indianapolis, Ind., Sept. 13.—First public notice of the proper form to follow in filing a refund claim under the repealed Federal war stamp act covering Schedules A and B was given out yesterday from the office of Peter J. Kruyer, collector of internal revenue of the Sixth District, with headquarters in Indianapolis. The announcement was made that taxpayers desiring to file claims for a refund on documentary or proprietary stamps first should make application to the collector for blank form No. 46. These blanks will be provided by Mr. Kruyer, together with full instructions for executing the forms. When the blanks have been filled properly they should be sent to the collector with the stamps upon which a refund is desired.

Will H. Smith, chief deputy collector, said that in order to avoid possibly a long delay in obtaining a refund it is necessary for claimants to follow the plan outlined. If stamps are returned without the proper blank there is a possibility of the records becoming confused. It is estimated that from 500 to 800 claims for refunds will be filled by firms and individuals who had purchased heavily before the repeal of the two schedules.

It was expected that the office of Mr. Kruyer would receive early details of the new revenue bill, but none has yet been sent from Washington. As soon as a copy of the bill has been received an effort will be made to make all of its provisions clear to interested persons.

NOTICE

State of Indiana, Rush County, ss: Rush Circuit Court, September Term, 1916. Agnes Rasor vs. Charles R. Rasor, No. 1004. Comes now the plaintiff, by Thomas M. Green, her attorney, and files her complaint herein together with an affidavit by Thomas M. Green, that said defendant, Charles R. Rasor, is not a resident of the State of Indiana; and that said action is for divorce, and that said non-resident defendant is the necessary party thereto.

Notice is therefore hereby given the said defendant, Charles R. MAKES TOWN FOR WORKING GIRLS

Charles Page, Multi-Millionaire, Follows His Widows Home With One for Girls

100 ARE NOW LIVING THERE

Built Tented City Because he Thought it More Healthful—Wealthy Girls Turned Down

(By United Press.)

Tulsa, Okla., Sept. 13.—Charles Page, multi-millionaire oil magnate and the man who built a town—Sand Springs—exclusively for widows and orphans, today completed a tent city near here for working girls and provided a free railroad on which to get them to and from it every day.

Page built Sand Springs and gathered widows and orphans from throughout the country to populate it because he decided, when he was a poor boy trying to make a living for his widowed mother, that if he even got rich he would do just that. He built the tent city because he thought living in houses in the summer time unhealthy for working girls. More than 100 Tulsa girls are living there now.

The tents are 12 by 14 feet, floored, and boarded on the sides a distance of four feet, with collapsible canvas tops.

Two girls occupy one tent. The tent streets have gas plates every few yards so the girls may cook. There is fresh water and at night are lights and watchmen guard the town. There is a free bath house for the girls, and they have all the privileges of the park's concessions.

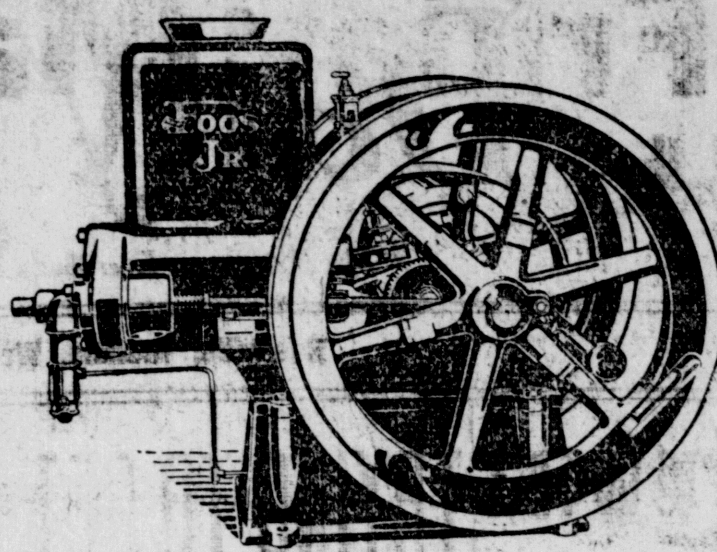

Girls who heretofore had to quit their work in the tense heat of summer are working all day in a temperature of more than a hundred and bearing up under it.

Even some of the girls from wealthier families of Tulsa made application for tents, but without success, the one and only requisite being that a girl is working for her living. The plan works so splendidly that Page is contemplating the building of two hundred more tents for next year.

QUARANTINE CALLED OFF

(By United Press.)

Fort Wayne, Ind., Sept. 11.—With the scare over the threatened infantile epidemic having subsided, schools here opened today under practically normal conditions. A quarantine originally intended to extend until Sept. 14, was called.

Gas Engines of Quality

At the present time the market is flooded with a lot of undersized and cheaply constructed engines, with a much over-rated horse power. Do not be misled by a low price and extravagant claims.

When you buy a FOOS you are getting full value for every dollar you put into it. It develops full power on a lower speed, thereby greatly adding to the life of your engine. Patent speed changer is operated instantly. There are dozens of satisfied users in the county. Investigate the FOOS first. It will pay you well. Furnished with magneto if desired.

Woman in Male Attire Forced to Tell Story to Medical Examiners—Shielding Another

LIVED THIS WAY FOUR YEARS

Conscription Act Forced Their Hands—Landlady's Daughter Was Protected.

By HAL A'FLAHERTY
(U. P. Staff Correspondent.)

London, Aug. 30.—(By Mail)—Called to the colors as a man, a woman who had masqueraded in male attire and pretended to be married to another woman so her husband could not find her, was forced to acknowledge her sex before the army medical board today.

Unhappily married 6 years ago and her two babies dead, this woman left her husband and, so she could get work, masqueraded as a man and "married" her boarding house keeper's daughter.

The circumstances of the "marriage" were astounding.

Having a real man, sweetheart who had betrayed and deserted her, the landlady's daughter faced a real trouble. She told the man-woman, who had confessed the disguise to her and her mother. So they were "married" and took a cottage in London. When the baby was born none of the neighbors suspected but that the "husband" was its father.

The "family" lived this way for four years and had it not been for the Conscription act, the ruse might never have been discovered. Her plea for exemption from service on the ground of "indispensability" having failed and, facing a medical examination by the officials, she confessed.

The Modern Woodmen of America set their aim at once hundred thousand and new members for the year 1916. They had secured of that number 83,556 up to Aug. 1, 1916, leaving only 16,444 to be secured during the next four months, according to word received by J. P. Stech.

PREACHER USES MOVIES.

(By United Press.)

Columbus, O., Sept. 13.—The Rev. Leonard W. Doolan has installed moving pictures as part of his Sunday sermons at the First Baptist church. He said today he did it because he "long ago recognized the divine design in making the eye 80 times as large as the auditory nerve," thus "turning people's eyes into ears." "The movies get the people," said Dr. Doolan, "and why shouldn't the church use modern methods? The movies have added two fold to the church attendance. They are a great drawing card."

Bluffton—Bakers here have raised the price of bread to five cents straight. Six loaves were previously sold for a quarter. The advance is due to the advance in the price of flour.

Elwood—Failure to find evidence for her marriage to James A. Griswold, caused insurance companies to dispute the word of Mrs. Pearl A. Griswold here and the policies of her husband are being held up.

Evansville—Evansville ministers have demonstrated that they can hit the nail on the head in other ways than through sermons from the pulpit. The ministers spent a day as carpenters on the tabernacle in which the Stough revival will be held.

South Bend—Forty thousand bathers enjoyed the privileges furnished by the Leeper park bathing beach during the summer months, according to a report made to the city park board. During the open season from June 10 to August 25 the attendance figures ran from 200 to 600 per hour.

Gary—The city school board has almost decided to name the new school building at Tolleston the Postolozzi School, in honor of the famous kindergarten educator. Far seeing pupils pointed out that the school could never have a yell that would rhyme with the name of the school and that they would be called "Posts." The board abandoned the idea and the school will be known as the Tolleston School.

New York, Sept. 13.—After negotiations between the striking street car employees and the traction companies had reached a deadlock today, due to absolute refusal of the presidents of the street car companies to consent to arbitration, as proposed by the public service commission, drastic efforts to end the strike were proposed by Mayor Mitchell.

The mayor is considering a request from Governor Whitman for a special session of the legislature to pass legislation to end the strike. The New York World in a first page editorial this afternoon called upon Governor Whitman to take such action, declaring that "New York has had enough and demands radical action."

The second move under consideration is to have the board of estimates grant an immediate franchise to the New York Motorbus company to run its motorbuses along streets paralleling the railway lines now tied up by strikes.

It is scarcely worth while quoting from the Democratic platform of 1912 to show the promises of that party in regard to civil service, nor have the promises of Woodrow Wilson, erstwhile vice-president of the Civil Service Reform League, been of any more value. A recent investigation of the subject discloses the fact that 3,097 appointees have been put in by executive order of President Wilson. The St. Louis platform reads: "We reaffirm our declaration for the rigid enforcement of the Civil Service laws." This conveys the impression that if they are continued in power the Democrats are prepared to make another raid on the Civil Service.

Henry Ford sued the owners of the Chicago Tribune for a million dollars damages, alleged he was libeled when the Tribune called him an anarchist. Perhaps he is just hedging because the owners of "The Battle Cry of Peace" sued him for a like amount.

Since the U. S. bureau of crop estimate has figured out the condition of the spring wheat crop September 1 was 48.6 against 63.4 a

Looks like Hoosiers would have an opportunity to get a close-up view of Candidate Hughes and his whiskers during his three-day tour of Indiana in a special train.

And now someone should rise up and inquire what has become of the old fashioned reporter who always started his story out with "The political pot is boiling once more."

NURSE RELIEVES MUCH SUFFERING

The Patient She Helped Makes Interesting Statement.

Madison, Wis.—Mrs. Oscar Day, of 1606 Monona Ave., Fair Oaks, this town, says: "Before my baby was born, I suffered terribly with womanly troubles and nervousness, and was living in a state of fear all the time. One day, an old friend of mine, who, by the way, is a nurse, and goes around to all cases, brought me a bottle of Cardui, the woman's tonic, and told me to keep on taking it right along. I did, and felt much better after the first bottle. I kept on taking it, and had as little trouble as anybody could wish for. Feeling very good now."

There never was a better medicine for women than Cardui, and I will recommend it to any one who is in need of it. This nurse uses Cardui with her patients, so it is well known all around here.

I am never without a bottle of Cardui in my home."

We urge you to try Cardui, the woman's tonic, for your troubles. It will help you over the hard places, just as it has thousands of other women.

Don't delay. Begin taking Cardui today. You won't regret it. NCB5 (Advertisement)

Tariff as an Issue.

(Muncie Press.)

The Rushville Republican the other day hit a real truth with characteristic vigor when it said:

"In the final analysis the campaign this year will be fought out on the tariff question. The contest will hear back to the dividing line between the Democratic and Republican parties."

It is true, of course, that a great many new issues have been made by the war in Europe and the trouble in Mexico. The administration will be strengthened or weakened as the public views the character of its neutrality with regard to the nations of Europe and the vigor or lack of vigor of its course toward Mexico. There may also be different interpretations of the term "Americanism," although it will hardly be said on either side that the other party is intentionally un-American or unpatriotic.

But these are only the issues of a day. The real dividing difference between the two great national parties, since the era of the civil war is the question or tariff. The Republicans believe in protection. Theoretically the Democrats are for free trade.

It is true that President Wilson has proposed to settle the tariff question by taking it out of politics through the medium of an alleged non-partisan commission. But every thinking protectionist and every thinking free trader knows that it is impossible. It is already apparent that few people on either side are being fooled by the non-partisan tariff commission idea.

Therefore it is true, that in the final analyzing the present campaign is very apt to be decided on the tariff question. During the past few months the public discussion has been swinging back to the tariff issue. Mr. Hughes has found it exceedingly popular subject in the west. It will be found so in every part of the country.

People in different sections of the United States are interested in various questions, but all are generally interested in knowing what is to happen to our trade at the close of war in Europe. They are also vitally interested in the question of taxation. They know that we have new methods of taxation now, some of which were never applied before except in time of war, and they know also that the reducing of the tariff has not only added to the direct taxes but has failed to lower the cost of living.

Here are questions which come home to every American citizen. Nobody really believes that the American people have lost their pa-

FORMER CHAMP MAY NOW RETIRE

Maurice McLoughlin Likely Never to Appear in Another National Tennis Tournament

RECENT DEFEAT SAD BLOW

Realize That he Hasn't the Speed he One Time Had—Gives Church Credit.

BY HAMILTON.
(U. P. Staff Correspondent.)
New York, Sept. 13.—Maurice E. McLoughlin, once known as the greatest lawn tennis player in the world, may never appear again in a national tournament. The California Comet, as he was known at the height of his brilliant career, made this assertion just after he walked off the courts at Forest Hills the afternoon of Sept. 1, a beaten man, eliminated by George Church, the wonderful New Jersey player. The defeat of McLoughlin was characterized by himself as the saddest blow he ever has had to endure.

"There never was anything I wanted more than this one more championship, not even the Davis Cup matches two years ago," he said. "I want to come back next year. I love the game and want to play again in national tournaments but my business in California probably will make it impossible for me to."

McLoughlin and Thomas Bundy, formerly a tennis player with a national reputation, are running a sporting goods house in San Francisco.

McLoughlin's defeat at the hands of Church also may play a big part in determining his future course. He was on the rubbing table immediately after his game with Church, when he did his talking. There was no attempt to furnish an alibi for his work in that contest. In fact, he declared he didn't want the tennis fans, who have been so loyal to him, to believe he was making excuses for his work, or trying to be little the game of the easterner.

"I realize I haven't the speed I once had," said he. "My greatest fault in that match was that I was unable to sustain my game. I tried hard to pull the ball to where I wanted it, naturally, but it wouldn't go. Also, apparently, I have not the strength nor the knack of smashing back that I used to have," he added wearily.

It was a crushing defeat for the former invincible McLoughlin and it proved beyond a shadow of a doubt that, for the present at least he is through. But in spite of this there probably never was a tennis player who received the homage of the crowd as did McLoughlin as he walked from the field after that hard fought contest. The 10,000 persons in the stand stood as one and cheered wildly as the beaten athlete trotted off the field with his head down. And there were tears in the eyes of some who vaulted the fence around and the enclosure and grasped McLoughlin's hand or patted him encouragingly on the back.

NEW COINS TO BE RECEIVED HERE

Local Banks Have in Applications For Half Dollars, Quarters and Dimes to be Issued

NEW DESIGN BEING MINTED

Old Ones to be Replaced Gradually Because Law Provides Dies Shall be Changed

Rushville banks have in their applications for the new half dollars, quarters and dimes which are being minted by the United States government and will be distributed very shortly. Rushville bankers said today that they had always tried to get in early on the new issue of coins and that this time would be no exception.

The information that the new designs in these three silver pieces were to be issued soon is contained in a dispatch from Washington, which says a national law exists requiring that there shall be a change in the design of all silver coins every 25 years. In accordance with this rule there has been going on gradual preparations for the change, and the government is now ready to trade old coins for new, after the example of the Arabian tale. Only there is no trick or subterfuge as to the coin; in this modern trade the public gets the best of it.

For several months mints at Denver, San Francisco and Philadelphia have been minting the newly designed coins at the rate of \$40,000 worth a day. That sounds like an immense amount of small change but it takes an immense amount to supply the population of the big country.

The new half dollars will have on one side the Goddess of Liberty holding a bunch of olive branches, with the old legend, "In God We Trust," above her. On the other side a spreading eagle is poised on a rock, holding in its talons what the designers say is an oak twig. Over its head are the words "United States of America," at its feet "Half Dollar."

The quarters are more unique. On one side is the figure of a woman coming through a gate in a wall; on the other is an eagle in full flight.

The new dimes will be quite different from the old ones. On one side there is a woman's head, with "Liberty" above and the minting date below. On the other a bunch of rods and an ax bound together after the fashion of the "faeces" borne of old by the Roman victors. Below this is the motto: "E Pluribus Unum."

As the new coins are sent out there will be a gradual gathering of the old ones to be reminted, so now is the time for the numismatist to put away a few samples for future collections.

Mrs. H. B. Armstrong will read a paper on "Different Classes of Fresh Vegetables." "The Place of Vegetables in the Diet," will be the subject of the paper by Mrs. W. S. Coleman and a talk on "Problems in Marketing" will be given by Mrs. Jane Kincaid.

WEDNESDAY AFTERNOON

The members of the Wednesday Afternoon Club were the guests of Miss Sue Gregg at her home in North Harrison street this afternoon at one of their usually pleasant gatherings. After a social afternoon together the hostess served a dainty luncheon.

DANCING CLASS

Local dancing enthusiasts will welcome the news that a new dancing school is to be started here by Mrs. Myrl Sherburne—Heliker of Louisville, Ky. Among the special features that will be taught are the aesthetic dances, ballet, gymnastic, solo and folk dancing. Mrs. Heliker will form the dancers into clubs or classes, when she will start her school the first week in October. She has completed courses in Castle House and Chalf Studios in New York.

D. T. CLUB

Yellow and white, emphasized with bouquets of marigold, was the attractive color scheme carried out in the home of Mrs. Theodore Abercrombie, Jr., in East Ninth street when she entertained the members of the D. T. Club this afternoon. The seven members were present and over their needlework, were pleasantly entertained. A two course luncheon was served at the dining table where a bouquet of snapdragons and marigold brightened the center of the table.

BIRTHDAY PARTY

A pitch-in supper is being given this evening at the home of Mr. and Mrs. Charles Stewart of Milroy in honor of the birthday of the latter. No pains have been spared in the plans, which when executed promise a delightful affair. It is being enjoyed by Mr. and Mrs. J. G. Hammond, Mr. and Mrs. Rush Tompkins, Prof. and Mrs. C. E. Waggoner, Mr. and Mrs. Will Jones, Mr. and Mrs. John Booth, Mr. and Mrs. Sam Matthews, Mr. and Mrs. Tom Innis, Mr. and Mrs. Frank Mock, the Rev. and Mrs. Clyde Black, Mr. and Mrs. Edgar Thomas, Mr. and Mrs. Hutch Innis, and Mr. and Mrs. Leroy Lines.

U. P. AID SOCIETY

The regular meeting of the Ladies given this afternoon by Mrs. Doug-

Aid society of the United Presbyterian church was held with Mrs. John Kennard and Mrs. Wash Allen yesterday afternoon at their home in West Second street. The regular business session and social hour, during which dainty refreshments were served, occupied the principal part of the meeting. Fifteen members of the society were present.

BIBLE CLASS OPENS

Mrs. Mary Holmes requests those intending to become members of her Bible class for this year to meet at her home Friday, September 15th, at 2:30 o'clock. This will be the first meeting of the class since the summer recess, and plans for the study during the coming year will be discussed.

CHRISTIAN AND SOCIETY

Thirty-three members of the Ladies Aid society of the Christian church were present at the meeting held in the parlors of the church yesterday afternoon. Although no matters of special importance were decided upon, the meeting was a profitable and pleasant one.

MOONLIGHT PICNIC.

The Juniors and Seniors of the Orange high school entertained Monday evening as a compliment to Miss Marie Wheelan of Pine Bluff, Ark., who is visiting there. The brilliant moonlight and ideal night made the hay ride and moonlight picnic especially delightful. On a haywagon, the party rode to Idlewild camp, a picturesque spot 3 miles southeast of Orange. There a huge bonfire was built and weenies were roasted for sandwiches and marshmallows were toasted. After the supper, the young people played games, gave an imitation war dance, and had various kinds of races including elephant races, snake races, and a wheel-barrow race. The ride home was equally delightful.

In this pleasant group of young folks were the Misses Louise Sipe, Nell Stevens, Marjorie Tittsworth, Mildred Utter, Edith George, Mildred Beaver, Lela Bowen, Mary McKee, Florence Paxton, Druzie Crist, Roxie Kennedy, Margaret Sipe and Benzil Creek, Robert Beaver, Irvin Long, Gilbert Morris, Edwin Stewart, Israel Long, Virgil Pike, Clarence Crist, Rolland Morris, William McKee, Ansil Wright of Fairmount, Edgar Starr of Connersville and Myrd Colvin of Nineveh.

SEWING PARTY

A very pleasant little affair was

las Morris at her pretty home in East Fifth street for about 28 of her friends. Lovely bouquets of pink flowers were used generously as decorations. The afternoon was spent in a social way over needlework, after which the hostess served an elegant luncheon.

Mrs. L. C. Snodgrass entertained a few friends at a six o'clock dinner yesterday evening.

WITH MRS. KNECHT

Plans to increase the visiting nurse fund were made at the meeting of the Tri Kappas held with Mrs. Jack Knecht yesterday afternoon. During the centennial, the members of the sorority will give away a valuable painting, the proceeds of the sale to be given to the nurse fund. About twenty of the members of the sorority were present to participate in the business discussions. During the social good time, which followed the hostess served a tempting salad course.

ANNOUNCEMENT

Dr. I. F. Smith of Indianapolis wishes to announce the engagement of his daughter, Miss Mary Lucile Smith, to Reeves Woods of Arlington. The wedding is to take place some time during next month, after their bungalow in Arlington is completed. Miss Smith is well-known in this city, having made her home for the past four years with her uncle and aunt, Mr. and Mrs. John H. Frazee. She is a member of the Psi Iota Xi sorority. Mr. Woods is a prominent farmer near Arlington.

RECITAL

Miss Hazel Morris and pupils, assisted by Miss LaVaughn Sears, gave a musical program in the Orange Christian church Saturday evening. The numbers were rendered to the credit of both teacher and pupils. Miss Sears, who has a lively voice, sang in her usual pleasant style. The pupils who took part in the program were Mary Heaton, Celia Kelso, Nila Phillips, Phelma Russel, Dorothy Davis, Mary Van Seyoe, Leona Simonson, Mary McClanahan, Helen and Bethel Culbertson, Thelma and Frieda Norris and Helen Moore.

SURPRISE ON BRIDE-TO-BE

It was more than a surprise to Miss Mary Smith when arriving at her home at about 6 o'clock last evening to find about 28 members of her sorority there and tables prettily set, about the rooms, for the three course dinner which was served. The affair was given in honor

of her coming marriage. The supper was a pitch-in affair, served in courses at small tables. The guest of honor was seated at the dining table with seven other guests. After the dinner, she followed the strings which were tied to the back of her chair and were wound about through the rooms. At the end of each string was a pretty gift. She received a number of appropriate gifts from the members of the sorority and guests. A set of teaspoons was given, among other things, from the entire sorority. Edison music was played throughout the entire evening.

Guests aside from the sorority girls at the affair were Mr. and Mrs. John H. Frazee, Mrs. Fannie O. Smith, Mrs. Walter Frazee of Lexington, Ky., and Miss Dora Winkler. During a short business session which was held, plans were completed for the stand which is to be held in front of the People's Bank during the centennial celebration. The plan is to sell lunches, soft drinks and candy.

Miss Hettie Retherford entertained the members of the "500" Club at her home in West Fifth street last evening. All twelve members were present and after the card games, dainty refreshments were served. The next meeting will be with Mrs. Jesse Poe in two weeks.

HENLEY-MAUZY

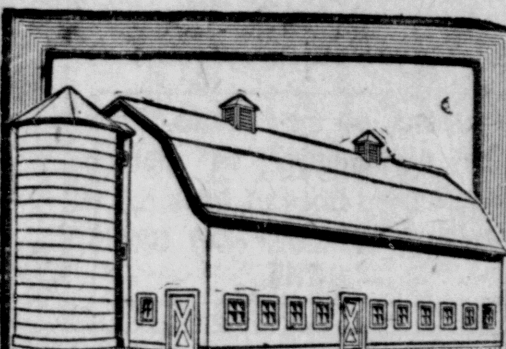

The wedding of Miss Gladys Henley, of Chicago, and Henry Louis Mauzy of this city will take place at the home of the bride in Chicago on Tuesday, September 19th. It is to be a noon wedding, the ceremony to be performed at 12 o'clock. After a honeymoon, occupying about two weeks, the young couple will come to this city to make their home in the Megee property in North Harrison street.

Any barn worth erecting is worth protecting

It is good judgment to give the barn, silo and sheds a coat of paint occasionally, rather than be constantly replacing rotten shingles, sills and siding.

Over forty years of practical use prove

Low Brothers
Standard
BARN PAINT

to be specially adapted to use on barns, silos, fences and other surfaces where exposure to sun, wind, storm and frost requires the best protection. It is very durable and its great spreading capacity and easy working qualities makes it the most practical and economical paint for large surfaces.

Thousands of farmers use Low Brothers Standard Barn Paint because it gives best results and satisfactory service, looks better and wears much longer than the paints usually sold for such purposes.

There is a Low Brothers paint, varnish, enamel or stain for every purpose.

TWO CAUSES FOR MANY ACCIDENTS

President of Auto Association Blames Carelessness of Drivers and Pedestrians.

TOO MANY TAKING CHANCES

Increase is Due to Increase in Number of Machines Along With Irresponsible Drivers

- 1—Stop; Look; Listen; at railroad and interurban crossings.
- 2—Observe traffic rules in cities and towns.
- 3—Don't take wild chances on the public road.
- 4—Don't be a road hog. Be polite.
- 5—Help educate pedestrians to watch for automobiles.

(U. P. Staff Correspondent.) Indianapolis, Ind., Sept. 13.—With the toll of deaths from avoidable automobile accidents in Indiana increasing at an alarming rate, President A. G. Lupton of the Hoosier State Automobile Association today appealed to the automobile owners of the state to be more careful, in an exclusive statement to the United Press.

"There are just two causes for long lists of auto accidents that fill our daily papers—carelessness of automobile drivers and carelessness of pedestrians," said President Lupton. "Carelessness at railroad and interurban crossings seems to be a rapidly spreading epidemic. Recently the same Interurban car from Indianapolis to Kokomo demolished two cars and killed two people because the two drivers turned off of a highway running parallel to the interurban line and deliberately drove in front of the interurban."

President Lupton pointed to the test recently run at a bad crossing near LaFayette between the hours of 8 a. m. and 5 p. m. in one day. Though the crossing was equipped with warning signs and an electric bell only 162 out of 329 motorists looked up and down the track before crossing. Some of these waited until they were on the track before looking. Many passed over the crossing at the rate of thirty-five or forty miles an hour.

"The careless driving in the country is caused by taking chances, with the result that the car may go into the ditch, into a culvert over an embankment or into another car," said Lupton.

"A great many accidents are the fault of pedestrians carelessly walking in front of cars. People do not seem to realize they must keep awake in walking along the street and not go along dreaming or with their thoughts centered on some business matter. Such carelessness is actually criminal."

Asked why auto accidents have increased Lupton said it was due to the increased use of automobiles and the increased number of irresponsible drivers. Automobile thieves are also responsible for a large number of accidents.

President Lupton urged the passage of two laws—one requiring all automobile drivers to have good eyes, hands and feet and prohibiting the driving of machines by children, and another making auto-stealing a penitentiary offense the same as horse stealing.

Publicity work of the Hoosier State Automobile Association and other motor clubs is having a powerful influence in educating both auto drivers and pedestrians in the danger of carelessness, according to Lupton. Erection of warning signs, Lupton believes, will help in making the summer of 1917 a safer and saner one for auto drivers and the general public.

FIRST OF BOMB CASES STARTED

Warren K. Billings, Goes on Trial, For Alleged Part in Explosion During Parade.

WERE AFTER RAILWAY MEN

Police Say Delay in Parade Failed to Get Right Parties—Four Were Killed.

DEFENDANT AND HIS ASSOCIATES.

Warren K. Billings, an ex-convict. Thomas J. Mooney, who attempted early in July to foment a strike of platform men of the United Railroads of San Francisco. Mrs. Rena Mooney, his wife, an accomplished musician. Edward Nolan, delegate of the machinists' union to the 1916 international convention of the union in Baltimore. Israel Wienberg, jitney bus driver.

The crime was the explosion of a bomb, hidden in a suitcase case, in the crowd watching the Preparedness parade in San Francisco July 22, 1916. Ten lives were lost and 35 persons were injured.

(By United Press.)

San Francisco, Sept. 13.—The first of the bomb cases resulting from the murder of ten persons by the explosion of an infernal machine, in a suitcase planted in the Preparedness Parade crowd here July 22 was started when Warren K. Billings, principal suspect, went to trial.

The theory of the prosecution is that Billings and his confederates were not anti-preparedness cranks as at first was supposed, but sought to kill employees of the local United Railroads, a division of which would have been passing the bomb suitcase at the moment it exploded if the parade hadn't been delayed. Thomas J. Mooney, also indicted for complicity in the bomb plot, unsuccessfully had tried to organize strike among these employees and the prosecution will claim the bomb was used to get even with the men.

The trials of the four other defendants, Mooney, his wife, Mrs. Rena Mooney, Israel Weinberg and Edward Nolan, will be held later.

Evidence of sensational character is expected to be given.

The prosecution is based on the theory that Billings, under instructions from Mooney, planted the bomb; that Mrs. Mooney was an accessory before and after the fact; that Nolan either manufactured or assisted in manufacturing the bomb; and that Weinberg was an access-

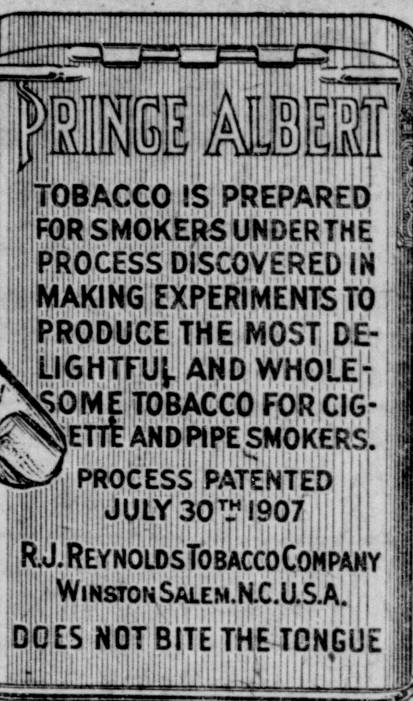

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."

Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio. Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

P. A. puts new joy into the sport of smoking!

YOU may live to be 110 and never feel old enough to vote, but it's certain-sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand rolled cigarette unless you get on talking-terms with Prince Albert tobacco!

P. A. comes to you with a real reason for all the goodness and satisfaction it offers. It is made by a patented process that removes bite and parch! You can smoke it long and hard without a come-back! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P. A. just answers the universal demand for tobacco without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheer-fullest investment you ever made!

sory in that he transported the conspiracy in his jitney bus and had guilty knowledge of the plot. Four persons were killed outright and the paraders panic stricken when the bomb exploded at the intersection of Steuart and Market streets, in the crowd of 25,000 people. One man died of heart failure and 40 persons were injured, of whom 5 later died. Among the leaden missiles, automobile bearings and bits of metal that sprayed the crowd like shrapnel, enough pieces of leather and clockwork mechanism were picked up to show that the bomb had been set to explode at 2:10 p. m.

Billings served a term at Folsom prison for dynamiting.

PUPPY LOVE CASE REACHES COURT

Boy, 17 and Girl 15, Married Let Court Pass Judgment—She is Ready to Quit.

CHARGED WITH DELINQUENCY

(By United Press.) Indianapolis, Ind., Sept. 13.—Puppy love that by mistakes reached the marriage altar had its ending in juvenile court here today when Mr. and Mrs. William Dillon Dean, aged 17 and 15 respectively, went before Judge Lahr to hear his judgment of their marriage.

Mrs. Dean, just out of short dresses, told the court she was willing and anxious to return to mother. Mr. Dean appeared to be willing to forego the duty of supporting a wife. Dean was charged with contributing to the girl's delinquency and she was charged with delinquency.

The two had been in court and this case was continued until today. Judge Lahr instructing the boy to stay away from his wife.

COFFEE HOUSES ARE THREATENED

Famous Resorts of Germany About to go Out of Business Because of Shortage.

IMPORTS HAVE BEEN STOPPED

(By United Press.)

Amsterdam, Sept. 13.—Although it is not admitted in Germany, the famous old German coffee houses, the popular resort of the masses, is about to go out of business until after the war.

There's a reason.

Germany is about out of coffee.

For the last two years the Germans have used reserve supplies of coffee stored in Hamburg and Bremen. Antwerp's supply augmented this when it fell to the Germans in 1914. There since has been a little from Holland and Scandinavia.

Today, however, the British have so effectively stopped shipments to ports reshipping to Germany that none is available therefrom. Germany is brewing the last of her precious berries.

Before the war Germany imported about 55 million dollars worth of coffee a year, mostly from Brazil and Guatemala.

PLAN AGAINST FUTURE STRIKES

Waterways Men Would Have System of Water Transportation to Combat Rail Trouble.

ANNUAL CONVENTION OPENS

Inspection of Canals Will be Part of the Program—Wilson Scheduled to Speak.

(By United Press.)
Philadelphia, Sept. 12.—The plan for a system of inland waterways to insure the transportation of freight and passengers in the Eastern part of the United States in case of a general railroad strike will be considered by the annual convention of the Atlantic Deeper Waterways convention that opened here today.

An inland waterways system connecting all navigable rivers, lakes and canals, delegates pointed out, would serve the dual purpose of rendezvous for the navy in time of war and of a means of transportation during labor troubles.

Although Congressman J. Hampton Moore, president; Rear Admirals Williams S. Benson and A. W. Grant; Major Generals William M. Black and Tasker H. Bliss and Brigadier General E. M. Weaver and others confined their remarks to plans for the Atlantic coast, other speakers later will urge similar plans for the Gulf and Pacific coast states.

About a thousand delegates from Atlantic coast towns and cities are here. The convention will last four days, during which, it is expected, addresses will be delivered by United States Senators and Congressmen of the Rivers & Harbors committee and the Commerce committee.

Navy Secretary Daniels is to speak before the convention Sept. 16th at the League Island Navy Yard.

Tomorrow the delegates will move their convention to Trenton and the following day to Chester, Wilmington and Delaware City to examine canals.

At Delaware City Thursday President Wilson is expected to address the delegates after an inspection tour of the Chesapeake and Delaware canal, "the Kiel of America," as the delegates call it. If the President cannot come, someone will be present to represent him.

One of the most important phases of the convention will be taken up at Delaware City; the transformation of the Chesapeake and Delaware canal into a body of water large enough to float the largest battleship built, building or contemplated. This would afford a quick and safe passage for the sea dogs from the important Chesapeake Bay, from whence it would go the defence of Baltimore and Philadelphia via the Delaware river.

OH! MY BACK

The Expression of Many a Kidney Sufferer in Rushville

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Rushville proof:

Taylor M. Loyd, 940 W. Third St., Rushville, says: My back ached steadily and at times was so weak that I could hardly be about. The kidney secretions were first too frequent in passage, then again too seldom. I used about four boxes of Doan's Kidney Pills, which I got at Fox Bros. Drug Store, and they did just as recommended, relieving me in a short time.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Loyd had. Foster-Milburn Co., Props., Buffalo, N. Y. —(Adv.)

LORIMER IS AGAIN AFTER AN OFFICE

Man Who Was Ousted From Senate, Now Seeks Congressional Nomination as a Comeback.

OPPOSED BY THREE MEN

(By United Press.)
Chicago, Sept. 13.—Ousted from the United States senate for the way he obtained his election, former Senator William, ("Billy") Lorimer, was a "comeback" candidate for the congressional nomination on the republican ticket in the state primaries here today.

The appearance of the ousted senator's name on the ballot was the signal for the renewal of the political war on Lorimer. He is opposed for the nomination by three other candidates.

Lorimer recently was acquitted of the charge of conspiracy to wreck the LaSalle street Trust and Savings bank. He has promised to pay al depositors who lost money in his bank's crash.

Candidates for all state offices were to be nominated by all parties today. Every one of the present office holders is a candidate for reelection.

Candidates for Governor are: James Traynor, Chicago; W. R. Brinton, Dixon; Edward F. Dunne, incumbent, all democrats; and Morton D. Hull, Chicago; Frank O. Lowden, Oregon; Frank L. Smith, Dwight; John A. Wheeler, Springfield; all republicans; and Seymour Stedman, socialist.

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of William L. Price, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 5th day of October, 1916, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 11th day of September, 1916.

COMMISSIONERS
WIN IN WRANGLEFirst Street Contractor Begins
Tearing up Brick and Will
Follow Specifications

SUPERINTENDENT RESIGNS

Engineer From Illinois, Familiar
With This Sort of Street,
May be Employed

The county commissioners have evidently won out in the controversy with A. L. Tribble, the contractor for the First street paving job, and from all indications the plans and specifications will be followed as closely as possible.

The conference yesterday between the contractor and the commissioners evidently had the desired result as work was started this morning tearing up the brick that had been laid in the street. It is planned to level the concrete base and then start the masonry construction as should have been done at first.

Cicero Vance, superintendent, tendered his resignation to the commissioners this morning and it was accepted. Mr. Vance claimed he could get no co-operation out of the engineer and resigned rather than have wrangling all during the construction of the street. Mr. Vance stated that while he was supposed to work under the engineer, the engineer was hardly ever on the job and for this reason he had been blamed for certain things that the engineer was responsible for.

The commissioners did not name a successor to Mr. Vance. It is understood that they are considering a plan whereby the engineer from Illinois, who has had experience in building these kinds of streets, will be employed as assistant engineer and may take over the position as superintendent.

The commissioners let Tribble know yesterday that they wanted the street built according to the plans, and no further trouble is expected. The commissioners feel that Tribble by this time has been shown that he will build the street according to the plans, and the commissioners stated this morning that they believed they would get one of the best jobs that was ever put in here.

AGNES RASOR ASKS DIVORCE

Files Suit Against Charles Rasor,
Thought to be in Dayton, O.

Mrs. Agnes Rasor filed suit for divorce this morning from Charles B. Rasor, alleging abandonment. The complaint states that they were married January 6, 1916 and separated March 12, 1916 when he compelled her to leave their home. The complaint alleges that on April 11 the defendant removed from Rushville without her knowledge and has since kept his whereabouts to her unknown although she has reason to believe he is residing in Dayton, Ohio. Mrs. Rasor states that she has written to him, but has received no answer although the letter never came back as unclaimed. Mrs. Rasor asks the sum of \$5 a week for support.

CELEBRATION OPENED

(By United Press.)
Seymour, Ind., Sept. 12.—Today marked the opening of the Jackson county Festival Centennial. There are many interesting features of the week's program. The famous E. & O. engine "Atlantic" built in York, Pa., in 1832 is on exhibition here, and is being operated by the oldest engineer on this division of the railroad.

CHASE TAYLOR TO GO FREE

Man Sentenced to Penal Farm in
1915 to be Released Sunday

Chase Taylor, sentenced to the penal farm on July 12, 1915 for six months and fined \$250, on a charge of unlawful possession of intoxicating liquor will gain his freedom next Sunday. Word was received in the county auditor's office this morning that the railroad fare from the farm to this city would be due at this time. The county has to pay the railroad fare back to this city. Taylor was sentenced along with his brother, Chester Taylor and father Alfred Taylor. The other two have a little longer to serve.

11 CAR LOADS OF
CATTLE ARE SHIPPEDThree Rush County Farmers Receive
Combined Sum of \$29,178.10
For 169 Head

ALL ARE BOUGHT BY ONE FIRM

What will probably go down as a record for some time for cattle shipments from Rush county was made yesterday by three Rush county raisers from Farmers Station.

Eleven car loads, a total of a hundred and sixty-nine heads, were shipped by three Rush county farmers for a combined sum of \$29,178.10 to Swift and company of Chicago. The eleven car loads were sent to Chicago and from three to four car loads will be shipped to the Boston market and seven to the New York market.

Albert Leisure's consignment was 108 head, weighing 154,700 pounds and bringing \$15,996.05. John F. Leisure shipped 37 head weighing 59,810 pounds, which brought him the sum of \$6,395.25. N. J. Price sold 24 head for \$3,786.80. They weighed 36,060 pounds.

MARTIN CLEVINGER
IS SERIOUSLY HURTIs Struck on Head by Falling Rafter
While Helping Tear Down
an Old Barn.

HIS SKULL NOT FRACTURED

Martin Clevenger was seriously injured shortly after one o'clock today when struck by a heavy rafter while helping tear down the barn back of the residence of Mrs. Rachel Bowen, 406 North Main street.

Clevenger knocked down an upright that was supporting a heavy six by eight rafter. The rafter struck him on the back of the neck, knocking him to the floor face downward, and just before he hit the floor the upright piece bounced up and struck him over the right eye, inflicting a severe wound.

Physicians who attended him said there was no fracture of the skull, but that a hemorrhage of the brain may have resulted from the blow on the forehead. His right eye and eyelid was paralyzed. Clevenger was removed to his home.

J. Hooker Wilson and Charles Sweet saw the rafter falling and shouted at Clevenger to get out of the way, but he did not hear them in time.

Hartford City—Voters here are being instructed in the use of the new voting machine which will be put into use at the coming election in the eighth precinct of the Blackford county.

Six More Nominations in Centennial
Queen Contest—Committees
Meet Tomorrow Night

Interest in relation to the Centennial, Home Coming and Fall Festival here the week of October 9 now centers on the meeting tomorrow night at the court house assembly room of the sub-committees named last night before last by the executive committee.

By this time every member of every committee should be notified of his or her appointment. If by any chance the committee chairman should not give personal notification it is urged that the personnel of the sub-committees in Tuesday night's paper be perused by everyone to see if they have any part in the preparations for the fall event.

Six more nominations were received at the Daily Republican office today in the Centennial Queen contest, thus indicating the interest that is being taken in the plan to elect a queen of the Centennial. Counting those who were nominated at the Jacksonian office yesterday, the number of contestants is now well over fifty.

An earnest effort is being made to get good free attractions and good shows for the event. Walter Easley, chairman of the concessions committee here, and G. H. Dunne, chairman of the concessions committee of the Greensburg centennial set for the week following the one here, were in Seymour yesterday but found no concessions that were worth while outside of games of chance.

However, the representatives of the two cities have a line on an attraction that would be a big thing if it can be pulled to this section of the country. They have learned that Bostock's wild animal shows have no engagements the weeks of October 9 and October 16. A representative of the shows has sent word that he will be here Friday to look over the ground and see if it would be profitable to bring the shows here. The Bostock acts have been showing at the New York state fair and other eastern state fairs, and are now heading west.

Mr. Easley went to Hamilton today to see if any concessions or free attractions could be located. Hamilton is this week celebrating the hundredth anniversary of its birth. Mr. Dunne was unable to go today.

In appointing the committee on the fraternal demonstration, the executive committee overlooked the fact that there are two councils of Pocahontas here. The presiding officer of Mahoning council was named, but not that of Lurline council, which the committee overlooked. The member of the committee from the latter is Mrs. Frances Walker. The W. R. C. was also overlooked in the appointment of the committees. Mrs. Selman Webb is the member of the committee from that organization.

Girls nominated in the Centennial Queen contest at the Republican office today included Annie Gewaghty, Helen Dugan, Hazel Stoops, Frances Neutzenhelzer, Mary Harrold, and May Bickhart.

Those nominated in the Jacksonian yesterday were: Nancy Hogsett, Gladys Hudson, Katherine Keating, Sylvia Lakin, Phyllis Casady, Maria McNamara, Beulah Meredith, Bertha Monjar, Mary Moorman, Lou Weeks, Ethel Oakley, Leah Orell, Lavonne Quayle, Theresa Reardon.

by Widow.

TWO DIVORCES DISMISSED

Court Grants Temporary Restraining
Order Against Increasing Con-
nersville Phone Rates.

Two wives dismissed divorce suits against their husbands, a claim for \$8,000 against an estate was allowed and a temporary restraining order against the Indiana Public Service Commission was granted; all this comprised the activity of the circuit court late yesterday and today.

After hearing the argument in the case of Lewis A. Frazee of Connersville against the state commission late yesterday afternoon, for an injunction to prevent enforcement of the recent order of the commission decreasing the rates of the Connersville Telephone company, Judge Sparks granted a temporary restraining order until the final hearing in the case.

The interests of the commission were likewise the interests of the petitioners who asked for an increase. They were represented at the hearing yesterday by Raymond Springer of Connersville and Bert New, legal clerk to governor Ralston, appeared in behalf of the commission.

Mrs. Fannie Ayres was allowed a claim of \$8,000 shortly after noon today by Judge Sparks against the estate of her husband, Ira W. Ayres. The costs of the case was assessed against the estate. The claim was for \$8,236.87 and was against A. L. Gary as trustee under the will of the late Ira W. Ayres.

Mrs. Minnie M. Brown dismissed the divorce suit which she brought against her husband, Joshua Brown. She demanded alimony in the sum of \$500. The costs of the case are to be paid by Mrs. Brown.

Mrs. Edith Clevenger dismissed the divorce suit against her husband, Martin Clevenger, at her costs and he dismissed the cross complaint filed against her at his costs. Alimony of \$200 was demanded by Mrs. Clevenger.

The suit of A. B. Norris against Frank Trennepohl on notes, demanding \$500, was dismissed by the plaintiff at his costs.

DEMOCRATIC DRIVE
OPENS NEXT WEEKNo Western State will be Overlooked
by Orators When They Start
Heavy Artillery.

LIST OF SPEAKERS NAMED

(By United Press.)
Chicago, Sept. 13.—The Democratic drive on the west begins next week with the unloading of heavy artillery. It was announced today at western Democratic headquarters that the following speakers will tour the west beginning next week: Senators Underwood, Stone, Reed, Hoke Smith, Shafroth, Robinson and James Hamilton Lewis, Judge Albert C. Norgoni, William J. Bryan, John J. Lenz of Ohio and a score of other orators.

Not a single state in the west will be overlooked. Particular attention will be paid to Indiana, Illinois and Wisconsin.

Elwood—Firemen and police here have in view of the advanced cost of living, asked the council for increases in their pay.

Greek Premier is Back in Office
With King's Consent

(By United Press.)
London, Sept. 13.—The Greek cabinet crisis today took a new turn after King Constantine had accepted the resignation of Premier Zaimis, said a Central News dispatch from Athens.

Zaimis finally yielded to persuasion of his friends and withdrew his resignation with the king's consent. He will reform his cabinet with new ministers of war and interior, supposedly of pro-ally sympathies.

HUGHES WILL NOT
PASS THROUGH HEREHowever, Rush County May Get to
See Him if he Comes Back
to Indiana This Campaign

NOT VISITING SOUTH PART

Rush county will not get to see Republican Candidate Charles E. Hughes when he tours Indiana September 21, 22 and 23, according to announcement of the tentative schedule which has been outlined, but a letter from J. E. Eschbach, manager of the state speakers' bureau, to County Chairman Fon Riggs today, said there was a possibility of Hughes passing through Rush county if it is possible to get him back in the state later in the campaign.

Mr. Eschbach says Mr. Hughes has not been assigned to any point south of a line running east and west through Indianapolis. If the state committee gets Mr. Hughes' promise to come back to Indiana later in the campaign, there is a strong probability he will visit Rushville.

The nearest point of any to Rushville where Mr. Hughes will make a set speech is Richmond, where he will be Thursday night, September 21. Mr. Hughes will start his second day's tour at Newcastle on the morning of the following day.

ROBBERS HAD A
PROFITABLE NIGHTEvident Same Thieves Who Held up
Pennsylvania Freight Also
Robbed Big 4 Trainmen

NEWS REACHES HERE TODAY

News drifted in here today through railroad circles which indicated that the two thieves who held up and robbed the conductor and brakeman of a southbound Pennsylvania freight early yesterday morning spent a profitable night.

The conductor and brakeman of a northbound extra freight on the Big Four were held up about one o'clock yesterday morning when they left the train to throw the switch near the Francis factory. It was said today, the news being based solely on reports reaching here, that the trainmen were relieved of six dollars in money and their watches. The conductor's name is Joe Metzger and he lives at Wabash, but the brakeman's name is not known.

There is every reason to believe that the same two robbers held up the Big Four trainmen as attacked the Pennsylvania crew. The latter robbery was about 1:30 a. m. yesterday morning, which would give the men time to escape from the scene of the first theft and board the Pennsylvania freight.

HUGHES ENDS
RECORD TRIPRepublican Nominee Immediately
Plunges Into Plans For His
Second Campaign Tour.

IN 14 MIDDLEWEST STATES

From Now on he Will Center His
Efforts on Doubtful States—
Management Effective.

(By United Press.)
New York, Sept. 13.—Returning today from his record breaking trip of nearly 10,000 miles through 25 states, Republican Nominee Charles E. Hughes immediately plunged into the work of concluding arrangements for his second campaign tour which will carry his fight for the presidency into four states of the middlewest.

It has been definitely decided that he will make two set speeches in Illinois, two in Wisconsin and ten or twelve in Indiana and Ohio. The candidate will complete this part of the trip, however, in time to reach Pittsburg on September 27.

It was learned today that the candidate feels very bitter toward antagonistic newspapers which have endeavored to create the impression that his trip just closed was a failure and that he was received with little enthusiasm.

Hughes declared the management of his campaign effective.

From now on Hughes will center his efforts on doubtful states, instead of speaking in commonwealths that are normally Republican. This decision was reached today during a conference with National Chairman Wileox.

INTIMATION OF
FOUL PLAY REPORTStranger Calls at Coroner's Office
and Says he Wants to Testify
About H. W. Kellam's Death

SAID TO HAVE BEEN KICKED

An intimation of foul play in connection with the death of Homer W. Kellam, age 29, at his home north of Raleigh Sunday, August 27, was brought to the attention of the coroner's office today by an unidentified man.

The coroner, Dr. Lowell M. Green, is out of the city. A stranger called at the coroner's office and wanted to testify concerning the death of Kellam, saying that there was foul play and that he knew of it. The matter will be called to the attention of the coroner, it is believed, upon his return.

Kellam was supposed to have been killed by the kick of a horse. What was thought to be the imprint of the cork of a horse's shoe was seen on one side of his head. The other side was reported to be badly bruised by him falling on a stake in the ground.

INVADES EXCLUSIVE PART

(By United Press.)
Indianapolis, Ind., Sept. 13.—Infantile paralysis invaded this city's most exclusive residence section today, claiming the life of Ola Hughes, age three years, daughter of R. S. Hughes, 2950 Washington Boulevard.

The little girl was stricken suddenly last night after she had been playing with children of school No. 60. That school with its 1,000 pupils was closed today. The Hughes family recently returned from Michigan.

IS FEARFUL OF TRUSTS HERE

South America Afraid of North American Combines—Ideas Based on Translations.

OBSTACLE IN WAY OF TRADE

They Prefer That This Country Wait Until After War if Combinations Are Necessary.

(U. P. Staff Correspondent.)

Buenos Aires, Sept. 13.—South Americans are deeply interested in the suggestion, referred to in dispatches from Washington and New York, that the Sherman law ought not to be enforced against North American business houses seeking trade on the southern continent.

South America is exceedingly fearful of trusts and especially of North American trusts. The people based their ideas on translations they have read from newspapers in the United States. They believe, literally, the very strongest things they have read concerning the trust evil. It is doubtful if the still unravaged corner of Belgium would regard a German incursion with any more pleasurable anticipations than South Americans feel at the hint that the North American trusts may get a grip on them.

This apprehension of trusts, in fact, is a considerable obstacle in the way of American trade's progress here.

Consequently this latest suggestion has not been well received.

South American business men who think closer pan-American trade relations would be a good thing express the opinion that the field is so wide open, while the war lasts, that trust methods are unnecessary at present. Their view is that North American firms would do better to gain a foothold by individual effort, before the European struggle is over, resorting to combinations later if they are compelled to.

Fort Wayne, Ind., Sept. 8.—Six-cent bread and rolls at 12 cents a dozen went into effect here Thursday as the result of action of the city council in invoking an ordinance 20 years old which fixes 16 ounces as the weight of a loaf of bread.

Indianapolis—The county council has passed the 1917 budget calling for \$1,140,946.67. It is estimated the increase in tax rates will be 6 per cent, or an advance from 34.15 cents to 40.15.

EXPLAINS HOW TO GET REFUND

Internal Revenue Collector Tells of Method to Get Money Back For Revenue Stamps

MUST WRITE IN FOR BLANKS

Indianapolis, Ind., Sept. 13.—First public notice of the proper form to follow in filing a refund claim under the repealed Federal war stamp act covering Schedules A and B was given out yesterday from the office of Peter J. Kruger, collector of internal revenue of the Sixth District, with headquarters in Indianapolis. The announcement was made that taxpayers desiring to file claims for a refund on documentary or proprietary stamps first should make application to the collector for blank form No. 46. These blanks will be provided by Mr. Kruger, together with full instructions for executing the forms. When the blanks have been filled properly they should be sent to the collector with the stamps upon which a refund is desired.

W. H. Smith, chief deputy collector, said that in order to avoid possibly a long delay in obtaining a refund it is necessary for claimants to follow the plan outlined. If stamps are returned without the proper blank there is a possibility of the records becoming confused. It is estimated that from 500 to 800 claims for refunds will be filed by firms and individuals who had purchased heavily before the repeal of the two schedules.

It was expected that the office of Mr. Kruger would receive early details of the new revenue bill, but none has yet been sent from Washington. As soon as a copy of the bill has been received an effort will be made to make all of its provisions clear to interested persons.

NOTICE

State of Indiana, Rush County, ss: Rush Circuit Court, September Term, 1916. Agnes Rasoar vs. Charles E. Rasoar, No. 1004. Comes now the plaintiff, by Thomas M. Green, her attorney, and files her complaint herein together with an affidavit by Thomas M. Green, that said defendant, Charles E. Rasoar, is not a resident of the State of Indiana; and that said action is for divorce, and that said non-resident defendant is the necessary party thereto.

Notice is therefore hereby given the said defendant, Charles E. MAKES TOWN FOR WORKING GIRLS

Charles Page, Multi-Millionaire, Follows His Widows Home With One for Girls

100 ARE NOW LIVING THERE

Built Tent City Because he Thought it More Healthful—Wealthy Girls Turned Down

(By United Press.)

Tulsa, Okla., Sept. 13.—Charles Page, multi-millionaire oil magnate and the man who built a town—Sand Springs—exclusively for widows and orphans, today completed a tent city near here for working girls and provided a free railroad on which to get them to and from it every day.

Page built Sand Springs and gathered widows and orphans from throughout the country to populate it because he decided, when he was a poor boy trying to make a living for his widowed mother, that if he ever got rich he would do just that. He built the tent city because he thought living in houses in the summer time unhealthy for working girls. More than 100 Tulsa girls are living there now.

The tents are 12 by 14 feet, floored, and boarded on the sides a distance of four feet, with collapsible canvas tops.

Two girls occupy one tent. The tent streets have gas plates every few yards so the girls may cook. There is fresh water and at night are lights and watchmen guard the town. There is a free bath house for the girls, and they have all the privileges of the park's concessions.

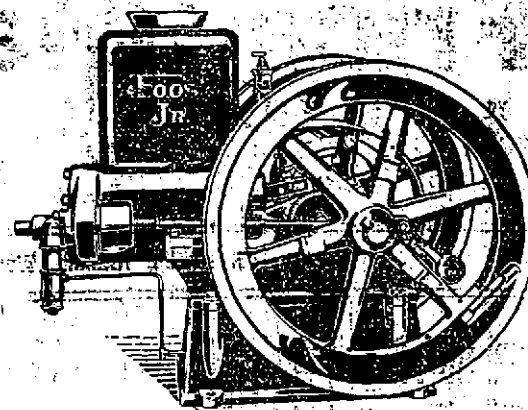

Girls who heretofore had to quit their work in the tense heat of summer are working all day in a temperature of more than a hundred and bearing up under it.

Even some of the girls from wealthier families of Tulsa made application for tents, but without success, the one and only requisite being that a girl is working for her living. The plan works so splendidly that Page is contemplating the building of two hundred more tents for next year.

QUARANTINE CALLED OFF

(By United Press.)

Fort Wayne, Ind., Sept. 11.—With the scare over the threatened infantile epidemic having subsided, schools here opened today under practically normal conditions. A quarantine originally intended to extend until Sept. 14, was called.

Gas Engines of Quality

At the present time the market is flooded with a lot of undersized and cheaply constructed engines, with a much over-rated horse power. Do not be misled by a low price and extravagant claims.

When you buy a FOOS you are getting full value for every dollar you put into it. It develops full power on a lower speed, thereby greatly adding to the life of your engine. Patent speed changer is operated instantly. There are dozens of satisfied users in the county. Investigate the FOOS first. It will pay you well. Furnished with magneto if desired.

Woman in Male Attire Forced to Tell Story to Medical Examiners—Shielding Another

LIVED THIS WAY FOUR YEARS

Conscription Act Forced Her Hands—Landlady's Daughter Was Protected.

By HAL A'FLAHERTY
(U. P. Staff Correspondent.)
London, Aug. 30.—(By Mail)—Called to the colors as a man, a woman who had masqueraded in male attire and pretended to be married to another woman so her husband could not find her, was forced to acknowledge her sex before the army medical board today.

Unhappily married 6 years ago and her two babies dead, this woman left her husband and, so she could get work, masqueraded as a man and "married" her boarding house keeper's daughter.

The circumstances of the "marriage" were astounding.

Having a real man sweetheart who had betrayed and deserted her, the landlady's daughter faced a real trouble. She told the man-woman, who had confessed the disguise to her and her mother. So they were "married" and took a cottage in London. When the baby was born none of the neighbors suspected but that the "husband" was its father.

The "family" lived this way for four years and had it not been for the Conscription act, the ruse might never have been discovered. Her plea for exemption from service on the ground of "indispensability" having failed and, facing a medical examination by the officials, she confessed.

The Modern Woodmen of America set their aim at once hundred thousand and new members for the year 1916. They had secured of that number 83,556 up to Aug. 1, 1916, leaving only 16,444 to be secured during the next four months, according to word received by J. P. Stech.

PREACHER USES MOVIES.

(By United Press.)

Columbus, O., Sept. 13.—The Rev. Leonard W. Doolan has installed moving pictures as part of his Sunday sermons at the First Baptist church. He said today he did it because he "long ago recognized the divine design in making the eye 80 times as large as the auditory nerve," thus "turning people's eyes into ears." "The movies get the people," said Dr. Doolan, "and why shouldn't the church use modern methods? The movies have added two fold to the church attendance. They are a great drawing card."

Bluffton—Bakers here have raised the price of bread to five cents straight. Six loaves were previously sold for a quarter. The advance is due to the advance in the price of flour.

Elwood—Failure to find evidence for her marriage to James A. Griswold, caused insurance companies to dispute the word of Mrs. Pearl A. Griswold here and the policies of her husband are being held up.

Evansville—Evansville ministers have demonstrated that they can hit the nail on the head in other ways than through sermons from the pulpit. The ministers spent a day as carpenters on the tabernacle in which the Stough revival will be held.

South Bend—Forty thousand bathers enjoyed the privileges furnished by the Leeper park bathing beach during the summer months, according to a report made to the city park board. During the open season from June 10 to August 25 the attendance figures ran from 200 to 600 per hour.

Gary—The city school board has almost decided to name the new school building at Tolleston the Postolozzi School, in honor of the famous kindergarten educator. Far seeing pupils pointed out that the school could never have a yell that would rhyme with the name of the school and that they would be called "Posts." The board abandoned the idea and the school will be known as the Tolleston School.

New York, Sept. 13.—After negotiations between the striking street car employees and the traction companies had reached a deadlock today, due to absolute refusal of the presidents of the street car companies to consent to arbitration, as proposed by the public service commission, drastic efforts to end the strike were proposed by Mayor Mitchell.

The mayor is considering a request from Governor Whitman for a special session of the legislature to pass legislation to end the strike. The New York World in a first page editorial this afternoon called upon Governor Whitman to take such action, declaring that "New York has had enough and demands radical action."

The second move under consideration is to have the board of estimates grant an immediate franchise to the New York Motorbus company to run its motorbuses along streets paralleling the railway lines now tied up by strikes.

It is scarcely worth while quoting from the Democratic platform of 1912 to show the promises of that party in regard to civil service, nor have the promises of Woodrow Wilson, erstwhile vice-president of the Civil Service Reform League, been of any more value. A recent investigation of the subject discloses the fact that 3,097 appointees have been made into the civil service, without examination, during this administration, while 550 have been put in by executive order of President Wilson. The St. Louis platform reads: "We reaffirm our declaration for the rigid enforcement of the Civil Service laws." This conveys the impression that if they are continued in power the Democrats are prepared to make another raid on the Civil Service.

Henry Ford sued the owners of the Chicago Tribune for a million dollars damages, alleged he was libeled when the Tribune called him an anarchist. Perhaps he is just kidding because the owners of "The Battle City of Peace" sued him for a like amount.

Since the U. S. bureau of crop estimates has learned that the condition of the spring wheat crop September 1 was 48.6 against 63.4 a

Looks like Hoosiers would have an opportunity to get a close-up view of Candidate Hughes and his whiskers during his three-day tour of Indiana in a special train.

And now someone should rise up and inquire what has become of the old-fashioned reporter who always started his story out with "The political pot is boiling once more."

NURSE RELIEVES MUCH SUFFERING

The Patient She Helped Makes Interesting Statement.

Madison, Wis.—Mrs. Oscar Day, of 1696 Menona Ave., Fair Oaks, this town, says: "Before my baby was born, I suffered terribly with womanly troubles and nervousness, and was living in a state of fear all the time."

One day, an old friend of mine, who, by the way, is a nurse, and goes around to all cases, brought me a bottle of Cardui, the woman's tonic, and told me to keep on taking it right along. I did, and felt much better after the first bottle. I kept on taking it, and had as little trouble as anybody could wish for. Feeling very good now.

There never was a better medicine for women than Cardui, and I will recommend it to any one who is in need of it. This nurse uses Cardui with her patients, so it is well known all around here.

I am never without a bottle of Cardui in my home. We urge you to try Cardui, the woman's tonic, for your troubles. It will help you over the hard places, just as it has thousands of other women.

Don't delay. Begin taking Cardui today. You won't regret it. NCB5 (Advertisement)

Tariff as an Issue.
(Mancie Press.)

The Rushville Republican the other day hit a real truth with characteristic vigor when it said:

"In the final analysis the campaign this year will be fought out on the tariff question. The contest will be back to the dividing line between the Democratic and Republican parties."

It is true, of course, that a great many new issues have been made by the war in Europe and the trouble in Mexico. The administration will be strengthened or weakened as the public views the character of its neutrality with regard to the nations of Europe and the vigor or lack of vigor of its course toward Mexico. There may also be different interpretations of the term "Americanism," although it will hardly be said on either side that the other party is intentionally un-American or unpatriotic.

But these are only the issues of a day. The real dividing difference between the two great national parties, since the era of the civil war is the question of tariff. The Republicans believe in protection. Theoretically the Democrats are for free trade.

It is true that President Wilson has proposed to settle the tariff question by taking it out of politics through the medium of an alleged non-partisan commission. But every thinking free trader knows that it is impossible. It is already apparent that few people on either side are being fooled by the non-partisan tariff commission idea.

Therefore it is true, that in the final analyzing the present campaign is very apt to be decided on the tariff question. During the past few months the public discussion has been swinging back to the tariff issue. Mr. Hughes has found it exceedingly popular subject in the west. It will be found so in every part of the country.

People in different sections of the United States are interested in various questions, but all are generally interested in knowing what is to happen to our trade at the close of war in Europe. They are also vitally interested in the question of taxation. They know that we have new methods of taxation now, some of which were never applied before except in time of war, and they know also that the reducing of the tariff has not only added to the direct taxes but has failed to lower the cost of living.

Here are questions which come home to every American citizen. Nobody really believes that the American people have lost their pa-

FORMER CHAMP MAY NOW RETIRE

Maurice McLaughlin Likely Never to Appear in Another National Tennis Tournament

RECENT DEFEAT SAD BLOW

Realize That he Hasn't the Speed he One Time Had—Gives Church Credit.

BY HAMILTON.
(U. P. Staff Correspondent.)

New York, Sept. 13.—Maurice E. McLaughlin, once known as the greatest lawn tennis player in the world, may never appear again in a national tournament. The California Comet, as he was known at the height of his brilliant career, made this assertion just after he walked off the courts at Forest Hills the afternoon of Sept. 1, a beaten man, eliminated by George Church, the wonderful New Jersey player. The defeat of McLaughlin was characterized by himself as the saddest blow he ever has had to endure.

"There never was anything I wanted more than this one more championship, not even the Davis Cup matches two years ago," he said. "I want to come back next year. I love the game and want to play again in national tournaments but my business in California probably will make it impossible for me to."

McLaughlin and Thomas Bundy, formerly a tennis player with a national reputation, are running a sporting goods house in San Francisco.

McLaughlin's defeat at the hands of Church also may play a big part in determining his future course. He was on the rubbing table immediately after his game with Church, when he did his talking. There was no attempt to furnish an alibi for his work in that contest. In fact, he declared he didn't want the tennis fans, who have been so loyal to him, to believe he was making excuses for his work, or trying to belittle the game of the easterner.

"I realize I haven't the speed I once had," said he. "My greatest fault in that match was that I was unable to sustain my game. I tried hard to pull the ball to where I wanted it, naturally, but it wouldn't go. Also, apparently, I have not the strength nor the knack of smashing back that I used to have," he added wearily.

It was a crushing defeat for the former invincible McLaughlin and it proved beyond a shadow of a doubt that, for the present at least he is through. But in spite of this there probably never was a tennis player who received the homage of the crowd as did McLaughlin as he walked from the field after that hard fought contest. The 10,000 persons in the stand stood as one and cheered wildly as the beaten athlete trotted off the field with his head down. And there were tears in the eyes of some who vaulted the fence around and the enclosure and grasped McLaughlin's hand or patted him encouragingly on the back.

Local Banks Have in Applications For Half Dollars, Quarters and Dimes to be Issued

NEW DESIGN BEING MINTED

Old Ones to be Replaced Gradually Because Law Provides Dies Shall be Changed

Rushville banks have in their applications for the new half dollars, quarters and dimes which are being minted by the United States government and will be distributed very shortly. Rushville bankers said today that they had always tried to get in early on the new issue of coins and that this time would be no exception.

The information that the new designs in these three silver pieces were to be issued soon is contained in a dispatch from Washington, which says a national law exists requiring that there shall be a change in the design of all silver coins every 25 years. In accordance with this rule there has been going on gradual preparations for the change, and the government is now ready to trade old coins for new, after the example of the Arabian tale. Only there is no trick or subterfuge as to the coin; in this modern trade the public gets the best of it.

For several months mints at Denver, San Francisco and Philadelphia have been minting the newly designed coins at the rate of \$40,000 worth a day. That sounds like an immense amount of small change but it takes an immense amount to supply the population of the big country.

The new half dollars will have on one side the Goddess of Liberty holding a bunch of olive branches, with the old legend, "In God We Trust," above her. On the other side a spreading eagle is poised on a rock, holding in its talons what the designers say is an oak twig. Over its head are the words "United States of America," at its feet "Half Dollar."

The quarters are more unique. On one side is the figure of a woman coming through a gate in a wall; on the other is an eagle in full flight.

The new dimes will be quite different from the old ones. On one side there is a woman's head, with "Liberty" above and the minting date below. On the other a bunch of rods and an ax bound together after the fashion of the "fates" borne of old by the Roman sisters. Below this is the motto: "E Pluribus Unum."

As the new coins are sent out there will be a gradual in-gathering of the old ones to be reminted, so now is the time for the numismatist to put away a few samples for future collections.

WEDNESDAY AFTERNOON

The members of the Wednesday Afternoon Club were the guests of Miss Sue Gregg at her home in North Harrison street this afternoon at one of their usually pleasant gatherings. After a social afternoon together the hostess served a dainty luncheon.

DANCING CLASS

Local dancing enthusiasts will welcome the news that a new dancing school is to be started here by Mrs. Myrl Sherburne-Heliker of Louisville, Ky. Among the special features that will be taught are the aesthetic dances, ballet, gymnastic, solo and folk dancing. Mrs. Heliker will form the dancers into clubs or classes, when she will start her school the first week in October. She has completed courses in Castle House and Chalf Studios in New York.

D. T. CLUB

Yellow and white, emphasized with bouquets of marigold, was the attractive color scheme carried out in the home of Mrs. Theodore Abernethy, Jr., in East Ninth street when she entertained the members of the D. T. Club this afternoon. The seven members were present and over their needlework, were pleasantly entertained. A two course luncheon was served at the dining table where a bouquet of snapdragons and marigold brightened the center of the table.

BIRTHDAY PARTY

A pitch-in supper is being given this evening at the home of Mr. and Mrs. Charles Stewart of Milroy in honor of the birthday of the latter. No pains have been spared in the plans, which when executed promise a delightful affair. It is being enjoyed by Mr. and Mrs. J. G. Hammond, Mr. and Mrs. Rush Tompkins, Prof. and Mrs. C. E. Waggoner, Mr. and Mrs. Will Jones, Mr. and Mrs. John Booth, Mr. and Mrs. Sam Matthews, Mr. and Mrs. Tom Innis, Mr. and Mrs. Frank Mock, the Rev. and Mrs. Clyde Black, Mr. and Mrs. Edgar Thomas, Mr. and Mrs. Hutch Innis, and Mr. and Mrs. Leroy Lines.

U. P. AID SOCIETY

The regular meeting of the Ladies

Aid society of the United Presbyterian church was held with Mrs. John Kennard and Mrs. Wash Allen yesterday afternoon at their home in West Second street. The regular business session and social hour, during which dainty refreshments were served, occupied the principal part of the meeting. Fifteen members of the society were present.

BIBLE CLASS OPENS

Mrs. Mary Holmes requests those intending to become members of her Bible class for this year to meet at her home Friday, September 15th, at 2:30 o'clock. This will be the first meeting of the class since the summer recess, and plans for the study during the coming year will be discussed.

CHRISTIAN AND SOCIETY

Thirty-three members of the Ladies Aid society of the Christian church were present at the meeting held in the parlors of the church yesterday afternoon. Although no matters of special importance were decided upon, the meeting was a profitable and pleasant one.

MOONLIGHT PICNIC

The Juniors and Seniors of the Orange high school entertained Monday evening as a compliment to Miss Marie Wheelan of Pine Bluff, Ark., who is visiting there. The brilliant moonlight and ideal night made the hay ride and moonlight picnic especially delightful. On a haywagon, the party rode to Idlewild camp, a picturesque spot 3 miles southeast of Orange. There a huge bonfire was built and weenies were roasted for sandwiches and marshmallows were toasted. After the supper, the young people played games, gave an imitation war dance, and had various kinds of races including elephant races, snake races, and a wheel-barrow race. The ride home was equally delightful.

In this pleasant group of young folks were the Misses Louise Sipe, Nell Stevens, Marjorie Tittsworth, Mildred Utter, Edith George, Mildred Beaver, Lela Bowen, Mary McKee, Florence Paxton, Druze Crist, Roxie Kennedy, Margaret Sipe and Benoit Creek, Robert Beaver, Irvin Long, Gilbert Morris, Edwin Stewart, Israel Long, Virgil Pike, Clarence Crist, Roland Morris, William McKee, Ansil Wright of Fairmount, Edgar Stern of Connersville and Myril Colvin of Nineveh.

SEWING PARTY

A very pleasant little affair was given this afternoon by Mrs. Doug-

las Morris at her pretty home in East Fifth street for about 28 of her friends. Lovely bouquets of pink flowers were used generously as decorations. The afternoon was spent in a social way over needlework, after which the hostess served an elegant luncheon.

Mrs. L. C. Snodgrass entertained a few friends at a six o'clock dinner yesterday evening.

WITH MRS. KNECHT

Plans to increase the visiting nurse fund were made at the meeting of the Tri Kappas held with Mrs. Jack Knecht yesterday afternoon. During the centennial, the members of the sorority will give away a valuable painting, the proceeds of the sale to be given to the nurse fund. About twenty of the members of the sorority were present to participate in the business discussions. During the social good time, which followed the hostess served a tempting salad course.

ANNOUNCEMENT

Dr. I. F. Smith of Indianapolis wishes to announce the engagement of his daughter, Miss Mary Lucile Smith, to Reeves Woods of Arlington. The wedding is to take place some time during next month, after their bungalow in Arlington is completed. Miss Smith is well-known in this city, having made her home for the past four years with her uncle and aunt, Mr. and Mrs. John H. Frazee. She is a member of the Psi Iota Xi sorority. Mr. Woods is a prominent farmer near Arlington.

RECITAL

Miss Hazel Morris and pupils, assisted by Miss LaVaughn Sears, gave a musical program in the Orange Christian church Saturday evening. The numbers were rendered to the credit of both teacher and pupils. Miss Sears, who has a lively voice, sang in her usual pleasant style. The pupils who took part in the program were Mary Heaton, Celia Kelso, Nila, Phillips, Phelma Russell, Dorothy Davis, Mary Van Seyoe, Leona Simpsonson, Mary McClanahan, Helen and Bethel Culbertson, Thelma and Frieda Norris and Helen Moore.

SURPRISE ON BRIDE-TO-BE

It was more than a surprise to Miss Mary Smith when arriving at her home at about 6 o'clock last evening to find about 28 members of her sorority, there and tables prettily set, about the rooms, for the three course dinner which was served. The affair was given in honor

of her coming marriage. The supper was a pitch-in affair, served in courses at small tables. The guest of honor was seated at the dining table with seven other guests. After the dinner, she followed the strings which were tied to the back of her chair and were wound about through the rooms. At the end of each string was a pretty gift. She received a number of appropriate gifts from the members of the sorority and guests. A set of teaspoons was given, among other things, from the entire sorority. Edison music was played throughout the entire evening.

Guests aside from the sorority girls at the affair were Mr. and Mrs. John H. Frazee, Mrs. Fannie O. Smith, Mrs. Walter Frazee of Lexington, Ky., and Miss Dora Winkler.

During a short business session which was held, plans were completed for the stand which is to be held in front of the People's Bank during the centennial celebration. The plan is to sell lunches, soft drinks and candy.

Miss Hettie Retherford entertained the members of the "500" Club at her home in West Fifth street last evening. All twelve members were present and after the card games, dainty refreshments were served. The next meeting will be with Mrs. Jesse Poe in two weeks.

HENLEY-MAUZY

The wedding of Miss Gladys Henley, of Chicago, and Henry Louis Mauzy of this city will take place at the home of the bride in Chicago on Tuesday, September 19th. It is to be a noon wedding, the ceremony to be performed at 12 o'clock. After a honeymoon, occupying about two weeks, the young couple will come to this city to make their home in the Megee property in North Harrison street.

Any barnworth erecting is worth protecting

It is good judgment to give the barn, silo, and sheds a coat of paint, occasionally, rather than be constantly replacing rotten shingles, sills and siding.

Over forty years of practical use prove

Low Brothers Standard BARN PAINT

to be specially adapted to use on barns, silos, fences and other surfaces where exposure to sun, wind, storm and frost requires the best protection. It is very durable and its great spreading capacity and easy working qualities makes it the most practical and economical paint for large surfaces.

Thousands of farmers use Low Brothers Standard Barn Paint because it gives best results and satisfactory service, looks better and wears much longer than the paints usually sold for such purposes.

There is a Low Brothers paint, gash, enamel or stain for every purpose.

TWO CAUSES FOR MANY ACCIDENTS

President of Auto Association Blames Carelessness of Drivers and Pedestrians.

TOO MANY TAKING CHANCES

Increase is Due to Increase in Number of Machines Aiming With Irresponsible Drivers

1—Stop; Look; Listen; at railroad and interurban crossings.
2—Observe traffic rules in cities and towns.
3—Don't take wild chances on the public road.
4—Don't be a road hog. Be polite.
5—Help educate pedestrians to watch for automobiles.

(U. P. Staff Correspondent.)
Indianapolis, Ind., Sept. 13.—With the toll of deaths from avoidable automobile accidents in Indiana increasing at an alarming rate, President A. G. Lupton of the Hoosier State Automobile Association today appealed to the automobile owners of the state to be more careful, in an exclusive statement to the United Press.

"There are just two causes for long lists of auto accidents that fill our daily papers—carelessness of automobile drivers and carelessness of pedestrians," said President Lupton. "Carelessness at railroad and interurban crossings seems to be a rapidly spreading epidemic. Recently the same interurban car from Indianapolis to Kokomo demolished two cars and killed two people because the two drivers turned off of a highway running parallel to the interurban line and deliberately drove in front of the interurban."

President Lupton pointed to the test recently run at a bad crossing near LaFayette between the hours of 8 a. m. and 5 p. m. in one day. Though the crossing was equipped with warning signs and an electric bell only 162 out of 329 motorists looked up and down the track before crossing. Some of these waited until they were on the track before looking. Many passed over the crossing at the rate of thirty-five or forty miles an hour.

"The careless driving in the country is caused by taking chances, with the result that the car may go into the ditch, into a culvert over an embankment or into another car," said Lupton.

"A great many accidents are the fault of pedestrians carelessly walking in front of cars. People do not seem to realize they must keep awake in walking along the street and not go along dreaming or with their thoughts centered on some business matter. Such carelessness is actually criminal."

Asked why auto accidents have increased Lupton said it was due to the increased use of automobiles and the increased number of irresponsible drivers. Automobile thieves are also responsible for a large number of accidents.

President Lupton urged the passage of two laws—one requiring all automobile drivers to have good eyes, hands and feet and prohibiting the driving of machines by children, and another making auto-stealing a penitentiary offense the same as horse stealing.

Publicity work of the Hoosier State Automobile Association and other motor clubs is having a powerful influence in educating both auto drivers and pedestrians in the danger of carelessness, according to Lupton. Erection of warning signs, Lupton believes, will help in making the summer of 1917 a safer and safer one for auto drivers and the general public.

FIRST OF BOMB CASES STARTED

Warren K. Billings, Goes on Trial For Alleged Part in Explosion During Parade.

WERE AFTER RAILWAY MEN

Police Say Delay in Parade Failed to Get Right Parties—Four Were Killed.

DEFENDANT AND HIS ASSOCIATES.
Warren K. Billings, an ex-convict.
Thomas J. Mooney, who attempted early in July to foment a strike of platform men of the United Railroads of San Francisco.
Mrs. Rena Mooney, his wife, an accomplished musician.
Edward Nolan, delegate of the machinists' union to the 1916 international convention of the union in Baltimore.
Israel Weinberg, jitney bus driver.
The crime was the explosion of a bomb, hidden in a suitcase, in the crowd watching the Preparedness parade in San Francisco July 22, 1916. Ten lives were lost and 35 persons were injured.

(By United Press.)
San Francisco, Sept. 13.—The first of the bomb cases resulting from the murder of ten persons by the explosion of an infernal machine, in a suitcase planted in the Preparedness Parade crowd here July 22 was started when Warren K. Billings, principal suspect, went to trial.

The theory of the prosecution is that Billings and his confederates were not anti-preparedness cranks as at first was supposed, but sought to kill employees of the local United Railroads, a division of which would have been passing the bomb suitcase at the moment it exploded if the parade hadn't been delayed. Thomas J. Mooney, also indicted for complicity in the bomb plot, unsuccessfully had tried to organize a strike among these employees and the prosecution will claim the bomb was used to get even with the men.

The trials of the four other defendants, Mooney, his wife, Mrs. Rena Mooney, Israel Weinberg and Edward Nolan, will be held later.

Evidence of sensational character is expected to be given. The prosecution is based on the theory that Billings, under instructions from Mooney, planted the bomb; that Mrs. Mooney was an accessory before and after the fact that Nolan either manufactured or assisted in manufacturing the bomb, and that Weinberg was an accomplice.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."

Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

sorry in that he transported the conspiracy in his jitney bus and had guilty knowledge of the plot. Four persons were killed outright and the paraders panic stricken when the bomb exploded at the intersection of Steuart and Market streets, in the crowd of 25,000 people. One man died of heart failure and 40 persons were injured, of whom 5 later died. Among the leaden missiles, automobile bearings and bits of metal that sprayed the crowd like shrapnel, enough pieces of leather and clockwork mechanism were picked up to show that the bomb had been set to explode at 2:10 p. m.

Billings served a term at Folsom prison for dynamiting.

PUPPY LOVE CASE REACHES COURT

Boy, 17 and Girl 15, Married Let Court Pass Judgment—She is Ready to Quit.

CHARGED WITH DELINQUENCY

(By United Press.)
Indianapolis, Ind., Sept. 13.—Puppy love that by mistakes reached the marriage altar had its inning in juvenile court here today when Mr. and Mrs. William Dillon Dean, aged 17 and 15 respectively, went before Judge Lahr to hear his judgment of their marriage.

Mrs. Dean, just out of short dresses, told the court she was willing and anxious to return to mother. Mr. Dean appeared to be willing to forego the duty of supporting a wife. Dean was charged with contributing to the girl's delinquency and she was charged with delinquency.

The two had been in court and their case was continued until today. Judge Lahr instructing the boy to stay away from his wife.

COFFEE HOUSES ARE THREATENED

Famous Resorts of Germany About to go Out of Business Because of Shortage.

IMPORTS HAVE BEEN STOPPED

(By United Press.) Amsterdam, Sept. 13.—Although it is not admitted in Germany, the famous old German coffee houses, the popular resort of the masses, is about to go out of business until after the war.

There's a reason. Germany is about out of coffee. For the last two years the Germans have used reserve supplies of coffee stored in Hamburg and Bremen. Antwerp's supply augmented this when it fell to the Germans in 1914. There since has been a little from Holland and Scandinavia. Today, however, the British have so effectively stopped shipments to ports reshipping to Germany that none is available therefrom. Germany is brewing the last of her precious berries.

Before the war Germany imported about 55 million dollars worth of coffee a year, mostly from Brazil and Guatemala.

PLAN AGAINST FUTURE STRIKES

Waterways Men Would Have System of Water Transportation to Combat Rail Trouble.

ANNUAL CONVENTION OPENS

Inspection of Canals Will be Part of the Program—Wilson Scheduled to Speak.

(By United Press.)
Philadelphia, Sept. 12.—The plan for a system of inland waterways to insure the transportation of freight and passengers in the Eastern part of the United States in case of a general railroad strike, will be considered by the annual convention of the Atlantic Deep Waterways convention that opened here today.

An inland waterways system, connecting all navigable rivers, lakes and canals, delegates pointed out, would serve the dual purpose of rendezvous for the navy in time of war and of a means of transportation during labor troubles.

Although Congressman J. Hampton Moore, president; Rear Admirals Williams S. Benson and A. W. Grant; Major Generals William M. Black and Tasker H. Bliss and Brigadier General E. M. Weaver and others confined their remarks to plans for the Atlantic coast, other speakers later will urge similar plans for the Gulf and Pacific coast states.

About a thousand delegates from Atlantic coast towns and cities are here. The convention will last four days, during which, it is expected, addresses will be delivered by United States Senators and Congressmen of the Rivers & Harbors committee and the Commerce committee.

Navy Secretary Daniels is to speak before the convention Sept. 16th at the League Island Navy Yard.

Tomorrow the delegates will move their convention to Trenton and the following day to Chester, Wilmington and Delaware City to examine canals.

At Delaware City Thursday President Wilson is expected to address the delegates after an inspection tour of the Chesapeake and Delaware canals.

OH! MY BACK

The Expression of Many a Kidney Sufferer in Rushville

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Rushville proof:

Taylor M. Loyd, 940 W. Third St., Rushville, says: My back ached steadily and at times was so weak that I could hardly be about. The kidney secretions were first too frequent in passage, then again too seldom. I used about four boxes of Doan's Kidney Pills, which I got at Fox Bros. Drug Store, and they did just as recommended, relieving me in a short time."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Loyd had. Foster-Milburn Co., Props., Buffalo, N. Y. —(Adv.)

ware canal, "the Kiel of America," as the delegates call it. If the President cannot come, someone will be present to represent him.

One of the most important phases of the convention will be taken up at Delaware City; the transformation of the Chesapeake and Delaware canal into a body of water large enough to float the largest battleship built, building or contemplated. This would afford a quick and safe passage for the sea dogs from the important Chesapeake Bay, from whence it would go the defence of Baltimore and Philadelphia via the Delaware river.

LORIMER IS AGAIN AFTER AN OFFICE

Man Who Was Ousted From Senate, Now Seeks Congressional Nomination as a Comeback.

OPPOSED BY THREE MEN

(By United Press.)
Chicago, Sept. 13.—Ousted from the United States senate for the way he obtained his election, former Senator William ("Billy") Lorimer, was a "comeback" candidate for the congressional nomination on the republican ticket in the state primaries here today.

The appearance of the ousted senator's name on the ballot was the signal for the renewal of the political war on Lorimer. He is opposed for the nomination by three other candidates.

Lorimer recently was acquitted of the charge of conspiracy to wreck the LaSalle street Trust and Savings bank. He has promised to pay al depositors who lost money in his bank's crash.

Candidates for all state offices were to be nominated by all parties today. Every one of the present office holders is a candidate for reelection.

Candidates for Governor are: James Traynor, Chicago; W. R. Brinton, Dixon; Edward F. Dunne, incumbent, all democrats; and Morton D. Hull, Chicago; Frank O. Lowden, Oregon; Frank L. Smith, Dwight; John A. Wheeler, Springfield; all republicans; and Seymour Stedman, socialist.

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of William L. Price, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 5th day of October, 1916, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 11th day of September, 1916.

ARIE M. TAYLOR,
Clerk Rush Circuit Court.
